## EMERGENCY CALLS

A patient who has Medicare and a Southern Berks membership can **save hundreds** of dollars on co-pays and non-covered services.

A third-party insurance company (Blue Cross, Capital Blue, Highmark, etc.) in most cases will only pay a portion of your ambulance bill, leaving a balance that you are responsible for. This could potentially be several hundred dollars.

**In both of these situations, members are not responsible for the listed expenses. Members have no out-of-pocket expenses.**

Our paramedics use the latest in technology, such as the Lifepak 12 cardiac monitor, considered as key to the pre-hospital evaluation of a heart attack.

## MORE ABOUT OUR EMERGENCY CALLS

Southern Berks Regional EMS staffs four stations to provide for emergencies, some with several vehicles, ready at a moments notice. Each station has at least one ambulance in service, prepared to help with your emergency.

Each ambulance has two paid crew members, one Emergency Medical Technician, and another EMT or a paramedic.

## ROUTINE TRANSPORTATION

### WHEELCHAIR SERVICE

Our fleet of brand new wheelchair vans provides your family members transportation services such as:

- Doctors appointments
- Dialysis
- Transport home from the hospital after a hospital visit or stay.

Our professional staff not only transport patients, but also helps our members at their destination, not just "dropping them off".

At the time of printing, a round trip for wheelchair transport costs \$100 plus mileage. A member pays only \$60 and receives free mileage (up to ten miles).

**Do you need transportation to the Bank, Grocery Store or Post Office?  
If so, we can take you!  
Call: (610) 775-1041**

## NON-EMERGENCY AMBULANCE TRANSPORTATION

Southern Berks Regional EMS can provide Non-Emergency Ambulance transportation to medical appointments for you or your family member that is **bed-confined**. Our non-emergency transportation crews are PA State Certified E.M.T's and Paramedics with great bed-side manner and take pride in providing the best care for you or your loved one.
